

Challenge: Easy-Peasy Pizzas

Here's an easy challenge to make an easy snack – easy-peasy pizzas! We'd like you to lead other people (in your household or school bubble) to make their own easy-peasy pizzas, so think about how you can be a really good leader. You'll need to remember that everyone has different skills and experiences and some might need more help than others. Having patience is important as well as encouraging your group as well. There's no wrong way to make an easy-peasy pizza, so it's a great way to develop and test your leadership skills!

You will need:

- sandwich wraps/tortillas
- tomato sauce (2tblsp)
- grated cheese (1 cup)
- chosen toppings (e.g. ham, mushroom, pepper, onion, etc.)
- mixed herbs (optional)
- baking tray
- scissors/knife

Step 1: Read through all of these instructions beforehand, so you know what you'll all need to do, and in what order. This will help you to help others. You might even want to have a go yourself first?

Step 2: Gather your group and explain the challenge. List the ingredients and make sure everyone has them and all the equipment ready. Make sure they've all washed their hands of course!

Step 3: Think about how you'll lead the activity – will you demonstrate a step at a time then let them copy you, or will you go through all the steps to the end, then let them make theirs? Think about the skills and experience of your group – this might help you make your decision.

Step 4: Get going! Remember, you'll need to encourage them. Some might need more help than others – a good leader will be able to help people when they need it, but will encourage them to have a go first.

INSTRUCTIONS:

- Pre-heat the oven to 200 degrees C. Take your wrap and lay it out on a baking tray. Spread your tomato sauce across the wrap, leaving a few centimetres spare around the edge
- Sprinkle half of your cheese thinly across the tomato sauce
- Add your toppings, spaced evenly across your wrap
- Sprinkle the rest of your cheese over the top
- You might want to sprinkle a few herbs over the top (up to you!)
- Cook in the oven for 5-10 mins, until the cheese is melted.

Remove from the oven and leave to stand for a few minutes (this helps the toppings stay fixed to the wrap), then cut into slices (TOP TIP: a pair of clean scissors is a great way to cut pizza easily!)

Step 5: Enjoy your pizzas! How successful were your group? Would you do anything differently next time? Ask your group how they felt having you as their leader.

Which skills will I be developing?
